## For individuals only

Please identify whether this submission is to be treated as public, anonymous or restricted

While you can request anonymity or confidentiality below, we strongly encourage your formal submission to be public - this will help to ensure the Commission's work is transparent and the community is fully informed

Please tick one box		
Public	My submission may be published or referred to in any public document prepared by the Royal Commission. There is no need to anonymise this submission.	
□ Anonymous	My submission may only be published or referred to in any public document prepared by the Royal Commission if it is anonymised (i.e. all information identifying or which could reasonably be expected to identify the author is redacted). If you do not specify the information which you would like to be removed, reasonable efforts will be made to remove all personal information (such as your name, address and other contact details) and other information which could reasonably be expected to identify you.	
□ Restricted	My submission is confidential. My submission and its contents must not be published or referred to in any public document prepared by the Royal Commission. Please include a short explanation as to why you would like your submission restricted.	

Please note:

- This cover sheet is required for all formal submissions, whether in writing or by audio or video file. Written submissions made online or by post, may be published on the Commission's website (at the discretion of the Commission) subject to your nominated preferences.
- Audio and video submissions will not be published on the Commission's website. However, they may be referred to in the Commissions reports subject to any preferences nominated.
- While the Commission will take into account your preference, the Commission may redact any part of any submission for privacy, legal or other reasons.

### Your contribution

Should you wish to make a formal submission, please consider the questions below, noting that you do not have to respond to all of the questions, instead you may choose to respond to only some of them.

1. What are your suggestions to improve the Victorian community's understanding of mental illness and reduce stigma and discrimination?

2. What is already working well and what can be done better to prevent mental illness and to support people to get early treatment and support?

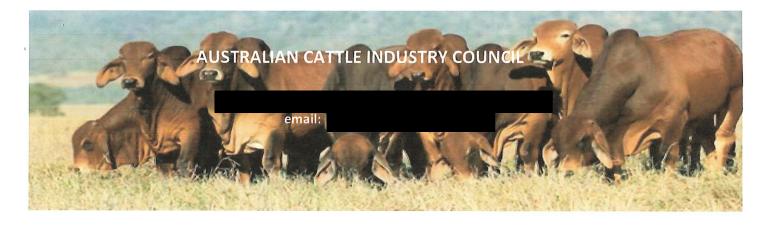

3. What is already working well and what can be done better to prevent suicide?

4. What makes it hard for people to experience good mental health and what can be done to improve this? This may include how people find, access and experience mental health treatment and support and how services link with each other.

#### **OPEN LETTER TO BEEF INDUSTRY LEVY PAYERS**

#### RMAC WHITE PAPER THROWS LEVY PAYERS UNDER THE BUS

At 3pm this afternoon Don Mackay as Chair of RMAC will release a White Paper - A better red meat future: A white paper for the Red Meat Advisory Council recommending a restructure of our industry to elevate their control over industry issues and levies but ignoring the democratic rights of levy payers to own the body advocating for our businesses and to elect those representing the interests of levy payers.

RMAC will be replaced by Red Meat Australia to advocate for all businesses in the beef supply chain by perpetuating the Peak Industry Councils (PICs) and offering PICs the opportunity to appoint a director on the new organisation.

Levy payers whether grass-fed cattle producers, processors, lot feeders or live exporters are forgotten in this model and are expected to sit back and watch the machinations of the appointed representatives as they deal with the issues that they consider important for our industries.

**Red Meat Australia must be owned by the levy payers and its directors elected by the levy payers.** For too long our rural businesses have suffered from the inept and at times catastrophic decision making by those nominated to PICs and RMAC.

As an example, when the current CEO of RMAC was Policy Director of AgForce, she was involved in developing the policy recommending to the Queensland Government the eradication of Johne's disease from the Queensland beef herd. The pain and suffering in the bush by those quarantined by this policy, now proved to be totally fallacious, and their significant financial loss, rests at the feet of all who prosecuted it including Cattle Council of Australia and AgForce.

Past Senate enquiries established the need for democratic representation and ownership of the bodies established to advocate for our industry. We call on the Federal Minister for Agriculture to ensure cattle producers, processors, lot feeders and live exporters are treated fairly in this restructure and are the members of Red Meat Australia and elect its directors by open ballot.

We ask all levy payers in our industry to contact the Minister for Agriculture at

to change the proposed model to enact a fair and just structure where those who pay have a right to say. We must not allow the damage caused in the past to be perpetuated by apathy.

John Gunthorpe

Australian Cattle Industry Council.

To Whom It May Concern,

As a service to the sheep/dairy producers suffering from the injustices of the Johne's Program, it was suggested by Don Lawson and **Exercise** (Directors of the Johne's Alliance) that I ran a telephone hotline service for affected producers to ring me to discuss their concerns.

Don and knew that were serious concerns amongst sheep and cattle producers from SA, Victoria and NSW, suffering from the devastating effects that was happening to them, as a result of draconian policies over the issue of Johne's disease ovine or bovine and the lack of empathy for their position from government or neighbour's casting them like lepers from society, through no fault of their own. They had received many phone calls from affected farmers, so felt that a hotline available for more hours than they were able to provide (because of their own business work commitments) that they suggested I ran the service. I did this for two periods of time in 2001 and 2003, for approximately four weeks each session.

During those two periods, I received between 200 and 300 phone calls. Some of them were repeat calls and some lasted only a couple of minutes, the longest being about an hour and half.

Because I had been involved in managing two properties, (one in Victoria, a cow/calf, steer fattening and fat lamb operation and a cow calf property in Queensland) gave me the confidence and credibility that I could relate to the farmers that rang in. Almost all were so relieved to be able to speak to somebody that was sympathetic to their cause and had some understanding of the problems they were going through.

They were some of the most stressed people I have ever come across and their sheer helplessness they found themselves in was enough to make anyone with any heart-weep.

Several things that come to mind in writing this note are the age of most people that had rung in. Many would have loved to have retired but their circumstances had prevented them from doing so, some were in their late sixties to early seventies.

One of the more stressful calls was from a central NSW sheep farmer, as a responsible farmer; felt it was his moral duty to tell his neighbour his sheep had Johne's. A couple of days later he was bashed by his neighbour. The irony being that he was sure that his sheep had contracted Johne's from that neighbour's sheep.

I had a younger fellow from Kangaroo Island that had put his life longs savings into his sheep. When his sheep were diagnosed with Johne's, he sold the lot but then went into them again two years after having being instructed that two years was sufficient quarantine period only to lose the flock again. He was in the throes of getting out and going back to Adelaide to get a 9 to 5 job; - a broken young man.

In the end I asked the two Directors if I could be relieved of my position as a help line operator, as I found the process too upsetting and left with a feeling of inadequacy, as this

draconian ill conceived, non-scientific program, was causing so much stress to far too many innocent people

PLEASE DISTRIBUTE THIS PRESS RELEASE

# MEDIA RELEASE AUSTRALIAN JOHNES ALLIANCE

THE AUSTRALIAN JOHNES ALLIANCE (AJA) SPOKESPERSON DON LAWSON TODAY WELCOMED THE VICTORIAN FARMERS FEDERATIONS (VFF) COMPREHENSIVE PAPER ON THE NEED FOR AN INDEPENDENT REVIEW OF BOVINE JOHNES DISEASE

"THE AJA STRONGLY SUPPORTS THE NEED FOR AN INDEPENDENT COST BENEFIT ANALYSIS THAT LOOKS AT THE REAL COST OF THE CURRENT JOHNES DISEASE POLICIES. THAT ANALYSIS SHOULD INCLUDE THE SUBSTANTIAL LOSS TO PRIODUCERS AS WELL AS THE COST TO THE INDUSTRY INCURRED BY ANIMAL HEALTH AUSTRALIA AND THE VARIOUS GOVERNMENT BODIES WHO ARE CHARGED WITH THE ADMINISTRATION OF THE JOHNES POLICIES" MR LAWSON SAID "WE KNOW FOR INSTANCE THAT MEAT AND LIVESTOCK AUSTRALIA HAS ALLOCATTED \$9.8 MILLION TO THIS DISEASE. PRODUCERS NEED TO BE INFORMED ABOUT THE REAL COSTS TO THEIR LEVIES AND TAXPAYERS FUNDS"

JOHNES IS A RELATIVELY MINOR DISEASE BUT HAS HAD TEN TIMES THE AMOUNT SPENT ON IT THAN ANY OTHER DISEASE. THE JUSTIFICATION FOR THIS MUST BE EXAMINED WHILE THIS BJD REVIEW IS BEING UNDERTAKEN

THE AJA HAS REQUESTED A MORATORIUM BE PUT IN PLACE FOR THE LAST 450 HERDS IN THE FAILED MARKET ASSURANCE PROGRAM

THE FACT IS THIS SMALL NUMBER OF PRODUCERS ARE FORCED INTO THE PROGRAM TO TRADE WITHIN AUSTRALIA BUT IF THEY TESTED WITH A FALSE POSITIVE OR THE SHEEP STRAIN THEIR ENTIRE BUSINESS IS AT RISK WITHOUT ANY PROPER COMPENSATION

THE AJA WELCOMES THE POSITIVE MOVE FROM THE VFF AND LOOKS FORWARD TO WORKING WITH THEM TO BRING SANITYAND COMMONSENSE TO THE MANAGEMENT OF JOHNES BY INDIVIDUAL PRODUCERS AND THEIR PRIVATE VETS AS IS THE CASE WITH ALL OTHER ON FARM DISEASE MANAGEMENT

"JOHNES IS A MANGEMENT DISEASE FOR FARMERS IN HIGH RAINFALL OR IRRIGATION AREAS WHERE INTENSIVE GRAZING TAKES PLACE" MR LAWSON SAID

a supplementary submission

en en e**n** George Sec

one of the limiting factors in the rural areas is a limited access to RURAL legal aid and RURAL psychologists

my observations at the **second second** court house is that a large number of cases are really mental health issues that the court and police have to deal with

the limiting factors are that the duty solicitors or legal AID are under resourced and generally not trained to deal with mental health issues and or drug and alcohol addiction cases

most of those involved in these cases don't have the resources to engage a private legal representative

I have enclosed a current fee structure to demonstrate the level of fees as a guide these can range from \$600 to \$320 PER HOUR a barristers fees may be even higher

there needs to be assistance from the court as to how these ill people can represent themselves at no cost

IN MY VIEW THE LEGAL COURT SYSTEM NEEDS A MENTAL HEALTH RESOURSE TO HELP ASSESS THE REAL NEEDS OF THOSE WHO ARE ILL

the police are under resourced and need psychologists to assist as a percentage of police only make mental health issue worse as they lack training in this area

yours sincerely
