

Your contribution

Should you wish to make a formal submission, please consider the questions below, noting that you do not have to respond to all of the questions, instead you may choose to respond to only some of them.

1. What are your suggestions to improve the Victorian community's understanding of mental illness and reduce stigma and discrimination?

Cure the mental illness with Natural therapies. I have been cured of Bi Polar since October 2015,

2. What is already working well and what can be done better to prevent mental illness and to support people to get early treatment and support?

Cure the mental illness through natural tablets

3. What is already working well and what can be done better to prevent suicide?

Nothing is currently working well, the Psychiatrists and Doctors are on the wrong track.

4. What makes it hard for people to experience good mental health and what can be done to improve this? This may include how people find, access and experience mental health treatment and support and how services link with each other.

In the early hours of December last year I was taken to the wrong Hospital. The Ambulance drivers told me they were taking me to [REDACTED]

5. What are the drivers behind some communities in Victoria experiencing poorer mental health outcomes and what needs to be done to address this?

Hospital. AND They lied to me they took me to the [REDACTED] Public and I was violently ASSAULT By a Mental Health Doctor and eight Security GUARDS.

6. What are the needs of family members and carers and what can be done better to support them?

THEY strapped down so tight that I could not move. THE MENTAL HEALTH GAVE ME Two injections of Psychiatric drugs against my will,

7. What can be done to attract, retain and better support the mental health workforce, including peer support workers?

I was screaming at the top of my voice, you can not do this to me. You are all breaking the law, and when you all Die you will all go to Hell. I vomited all over them.

8. What are the opportunities in the Victorian community for people living with mental illness to improve their social and economic participation, and what needs to be done to realise these opportunities?

When I said I needed to go to the toilet after forty five minutes they finally unstrap. I had tears streaming down my face and I WAS IN ONE

9. Thinking about what Victoria's mental health system should ideally look like, tell us what areas and reform ideas you would like the Royal Commission to prioritise for change?

Hell of a lot of pain, and I knew that had caused serious injuries to me. I photographed the back of my right wrist it was black blue and purple and IN two places there was blood POURING OUT.

10. What can be done now to prepare for changes to Victoria's mental health system and support improvements to last?

When I have been in [REDACTED]
[REDACTED] ward in the past
I have witnessed many assault
on other patients.

11. Is there anything else you would like to share with the Royal Commission?

I am now with a company
in New Zealand who are
Producing STEM ~~ACE~~ CELL NUTRITION
tablets, LACTOSE and gluten
free no nuts, and a lot of things
from the ocean. THEY are ahead of
the whole world in Research,
with in three or four minutes of
taking the tablets. New STEM
CELLS ARE produced from the
bone marrow. THEY CAN CURE every
ILLNESS & Disability known to Man

you will all be amazed when you look them up. Do you all know before you are born you choose a gift from GOD that he will guide you on for the rest of your life. I chose an unique gift, I am here in this life time to bring the Natural therapies to the whole world. And stop the Government giving Billions to the Drug companies to research pharmaceutical drugs which only make people sick. I Kinieceologist that I used to see, told me early last year, that a medium who could predict the future a long time ago said that the peace would not come to the world until everyone in the world ~~would~~ ^{were} BE happy. Every night when I say my prayers I cry when I thank GOD for the Power he has given me to help that prediction to come true.

P.S. The movie about the corn plant.

to respond to only some of them. If you would like to contribute and require assistance to be able to do so, please contact the Royal Commission on 1800 00 11 34.

Triggered after sexual abuse,

I battled Bipolar for thirty two years and I prayed every night to God to guide me how to be cured through natural therapies, and he did not let me down. If you look up on the internet Copper toxicity syndrome researched by Dr. Wilson and another Dr. quite some years ago. It lists all the ^{mental} illnesses that excess copper causes. I had a Hair Analysis done by a Research Scientist at North Geelong my copper level was 3-50 and my mercury level was also 3-50. He sold me natural tablets to bring everything back to normal AND SAID TO HAVE WATER FILTER UNDER MY SINK
